

POLICE NAB TEENAGE THEFT GANG

Frightened

Crying with pain but mostly fright, this 12-year-old Haliburton youth raises himself up hopefully as ambulance attendants arrive to take him to hospital late last Thursday afternoon. With Sheldon Snowden

is his worried mother, Mrs. Ruth Snowden, seen as she reached out to prevent him from moving too far and possibly injuring himself. However, at hospital in Haliburton where he was kept over-

night, then released, he was found to be suffering only extensive abrasions and shock. East-bound on Highway 121 near Haliburton the young bicyclist was near his home when he swerved in front of a

slow-moving car driven by Cyril Feir, 73, of Haliburton, returning from a Minden shopping trip, and was flung to the pavement. Investigation by Provincial Constable Mike Legge.

No appeal from County Council ruling

A Haliburton County Council decision last March rejecting the proposed closing of a shoreline road allowance in Lutterworth Township cannot be appealed and Lutterworth has no other choice than to accept it.

This was the message I.M. Anderson of the Ministry of Housing brought to a special meeting of Lutterworth Council this past Monday morning.

Accompanied by his soon-to-be-successor, David Swezey, Mr. Anderson outlined the steps involved in closing a road allowance, then told council that under the Ontario Municipal Act a county council decision in this matter was final.

The whole question arose originally when Neville Sharpe found that a portion of his Devil's Lake cottage was sitting on the 66-foot road allowance and asked council to close it right to the lake, then convey title to him.

Although Lutterworth willingly complied, Haliburton County Council balked.

Mr. Anderson did, however, offer something of a solution suggesting that Lutterworth amend its closing bylaw to encompass only the land on which Mr. Sharpe's cottage sits, plus a reasonable amount of land around it.

While pointing out that this would be agreeable to his Ministry he did not, of course, say just what Haliburton County Council may do when the bylaw once again comes before it.

Haliburton Arena fund

Haliburton's arena fund has surpassed the halfway mark of the \$25,000 needed, with some \$16,000 collected to date, reported a happy Dysart et al Clerk-Treasurer Wayne Wood, this week.

SEE ARENA P. 10

A teenage theft gang that came to the Highlands of Haliburton for a 'holiday', departed the County Tuesday in police custody.

They left behind them a trail of cottage break-ins and stolen vehicles that police are still piecing together.

Oldest member of the quartet is 18 years of age; the youngest 13. Three are boys while one is a girl from Thornhill.

It all began two weeks ago when the foursome hopped bus from Toronto to Haliburton and settled in the Haliburton Lake area.

Twice they broke into the Haliburton Lake cottage of Allan Couchman of Toronto, as well as breaking and entering three other cottages.

Returning to Toronto they stole a 1975 Ford LTD owned by Allan Ward of Thornhill and armed with a .22 calibre rifle, drove to Haliburton Lake.

After running the car off a Harburn Township sideroad and into a ditch, the oldest culprit simply sprayed the car with bullets from the stolen gun, shooting up glass headlights and tires, then abandoned the vehicle. Finding themselves without wheels, the quartet promptly stole a 1970 Ford pick-up truck from the Haliburton Lake cottage of Percy Couchman of Toronto.

About this time, concerned residents notified the Ontario Provincial Police of the suspicious-looking quartet who were quickly pick-up while hitch hiking in the Fort Irwin area.

According to police they believe the foursome ditched the pick-up when they thought it had developed oil problems.

Charged with two counts each of theft over \$200 and possession of stolen goods over \$200; public mischief; 5 counts of break, enter and theft as well as theft under \$200 and possession of stolen goods under \$200 is Vernon Gionet, 18, of Toronto.

His 17 year-old female companion, Denise Ward, daughter of one of their victims, has been charged with theft over \$200 and two counts of possession of stolen goods over \$200.

One of the juveniles, who are both from Toronto, has been charged with two counts each of theft over \$200 and possession of stolen goods over \$200 as well as three counts of break, enter and theft while the other juvenile faces charges of two counts each of theft over \$200 and possession of stolen goods under \$200.

Secretary-Manager

'The Haliburton Highlands Chamber of Commerce'

The directors of the Chamber of Commerce met last week and worked their way through an extremely busy agenda. It seems there is no shortage of ideas for areas in which the Chamber should be involved. With this in mind a concerted effort is certainly going to have to be made to form working committees beyond the realm of just the directors.

One of the items for discussion was the planning of future seminars. One idea it is hoped that can be attempted very shortly is breakfast meetings, possibly every two weeks. If we can put together a short, possibly two hour program, on a subject that would be of interest to the majority of our members, possibly we could get together for breakfast and a short meeting twice in June. Gauged on the success of this beginning we could either continue throughout the summer or start again in the Fall on the same basis. Hopefully we can get something put together and tell you more about this within the next two weeks.

Considerable discussion also took place on how to best promote our local tradesmen and suppliers to our summer residents. It is felt that many of these people, having bought property in Haliburton tend to enter into contracts and agreements with outside suppliers and tradesmen before ever meeting or coming in contact with our local business people. As less property becomes available to new summer residents this will become more and more of a problem unless we can find some way of reversing this trend. We expect in the near future the Chamber will hold a meeting with those that are interested in this area, but in the meantime, we would certainly be happy to hear from anyone having suggestions on how best to approach the problem.

A report was submitted at this meeting on the operation of the Canada Manpower Outreach Office at Haliburton which the Chamber sponsors. It was extremely gratifying to hear of the considerable progress this office has made and the benefits resulting from it. Naturally at a time when we have almost 1 million unemployed across the country this office is not going to solve all our problems but has certainly aided a great many employees and employers alike. There are so many new assistance programs becoming available by the day that this office is having considerable problems keeping up with them, but without this office we would probably not become informed on them at all. One program which was announced in the last Ontario budget has resort operators very excited and most have already contact the Outreach Office. Not only do they not yet have the information and the application forms but neither do Peterborough and they are attempting to get it as quickly as possible. It's just another one of those cases of the government announcing something before they have the machinery prepared to put it into effect.

In the main hall at the Haliburton School of Fine Arts, Lakeview Centre, there is an excellent display of hand-crafted wooden toys and animals that are being made by Woodcraft Unlimited. These articles are available and in limited quantities and must be ordered in advance for stores and gift counters. Information on prices and availability is available there at the school.

Stanhope Fire Department are holding their second annual Gigantic Auction Sale on Saturday, May 21st at the Fire Hall on the North Shore Road in Stanhope. They are actively soliciting donations for baked goods, craft items, furniture, books, dishes, etc. They will have your donations picked up if you call 489-2878 or 489-2330. The Stanhope Fire Department is a hard working, dedicated group of people and they certainly deserve your support.

Next week at this time we will be off to the Ontario Chamber of Commerce Convention in Toronto. We do hope to get a column put together before leaving for the Convention but if by any chance you do not find us here in our regular spot next week, we do hope you'll understand.

'Invigoration' - that is the feeling you get right after getting a terrific idea and just before you thought of all the things that are wrong with it.

COMING EVENTS

May 4 - H.H.S.S. Glee Club presentation. Proceeds to Haliburton and Minden Scouts P.E.I. Fund.
 May 14 - Boy Scouts Ladies Auxiliary - Bazaar and Bake Sale - 10 am at the Bank corner.
 May 21 - Minden Kinsmen Mayfest - Community Centre-Music by the Mystics.
 May 21 - Stanhope Fire Department Gigantic Auction Sale.
 May 21 - Minden Figure Skating Club Flea Market and Rummage Sale.
 May 19 - Festival of Fun at H.H.S.S. at 7.30. Local Talent. Silver collection.
 May 28 - Dance at the Minden Community Centre to Charlie Brandon and his Band. Proceeds to the Minden Scout P.E.I. Fund. \$6 per couple.

Little interest shown as election opens

A Provincial election may be in the offing but you'd hardly know it in Haliburton County.

In fact it wasn't even the main topic of conversation in centres across the county as the week opened with a 'business as usual' attitude that left little room for electioneering.

Mind you, at least one of the candidates was out bright and early on the campaign trail.

That, of course, was the PC's Jim Webster.

Actually, he began campaigning many months ago so Monday wasn't all that much of a change.

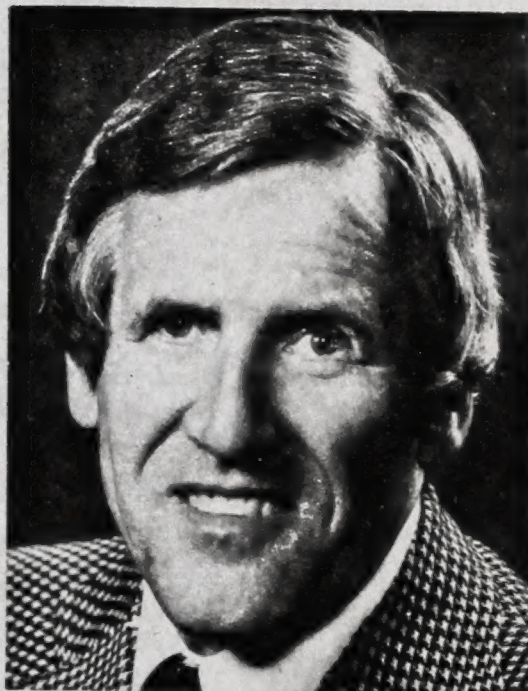

In Minden for most of the day, he made the rounds, talked to many and closed off the day by joining the Minden Rotary Club for its dinner meeting.

Mr. Webster told the Progress he planned to spend part of this week in Minden and Haliburton and the balance of his time organizing and opening his committee rooms next to the radio station in Lindsay.

He said he is campaigning in part on the theme that today's economic and national unity problems demand greater individual initiative and responsibility and said he hopes to have the Ministry of Tourism and Industry provide funds to enable Victoria and Haliburton counties to hire their own industrial commissioners.

Still hard at work at Queen's Park early this week, incumbent Victoria-Haliburton M.P.P. John Eakins announced that the riding's Liberal nominating convention would be held in Lindsay next Wednesday evening, May 11, and that the following Friday evening, May 13, would feature a special social evening at Deer Lodge to which everyone is invited.

Heralded as the hardest-working and most dedicated M.P.P. this riding has had in many years, Mr. Eakins name has become a welcome household word in virtually every corner of the riding.

John Eakins M.P.P.

Firemen battle Sunday bush blaze

The combined efforts of the Stanhope and Minden Fire Departments and the assistance of many passing motorists were needed to extinguish a large bush fire along Highway 35, just south of Ox Narrows, about noon last Sunday.

The fire was reported to the Stanhope firefighters about 11.45 am, but was relayed through the County's Mutual Aid Fire System to the Minden Fire Department as the Stanhope smoke eaters were already battling a blaze at the Stanhope Airport.

Having put out the Airport blaze, Stanhope and Minden firemen joined to battle the Ox Narrows fire until it was put out some three hours later.

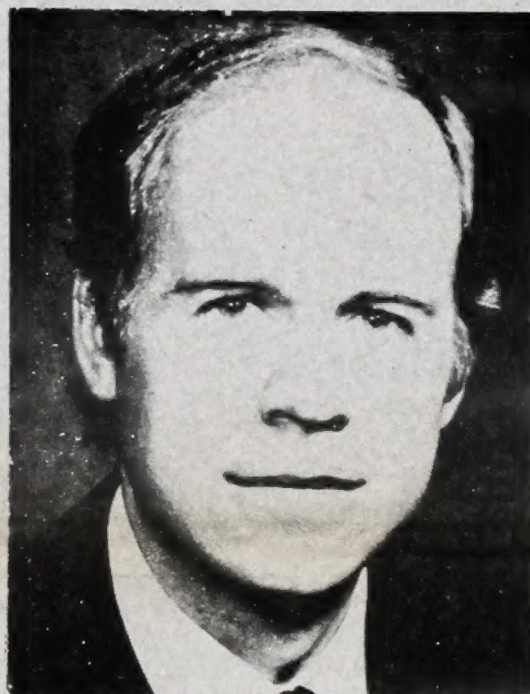

Later gusting winds apparently ignited some smoldering stumps and the Stan-

hope Fire Department again found itself on the scene until the fire was completely extinguished in the early evening hours.

Stanhope Fire Chief Dick Kinsman reported that some four acres of bush were destroyed in the Ox Narrows blaze.

Cause of both fires is unknown but human carelessness is suspected.

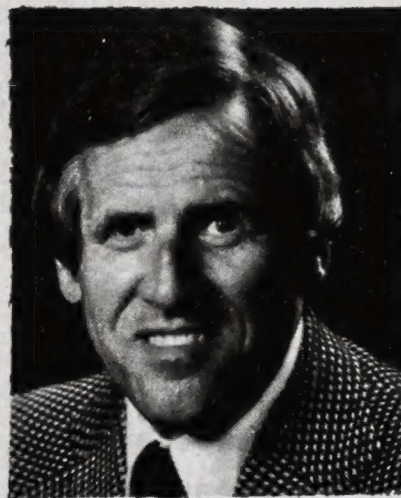

Kinsman cautioned that people using fires at this time of year should be extremely careful, due to the dry bush conditions.

New bridge at Hawk Lake

A soul-searing year of tragedy and heartbreak began to take on a whole new perspective for cottagers at Hawk Lake last week as a new, wooden bridge linking the mainshore and the lake's major island neared completion. Just a little over 11 months ago a newly-erected private culvert-causeway collapsed shortly after construction and took the lives of three cottagers, two of them children. But that has now become history albeit painful, with the opening of the new bridge built by Bob Brohm Construction of Norland. The bridge is constructed of B.C. fir with beams going down 24 inches into the river bed. The structure has an estimated cost of \$50,000. During its construction, Stewart Keyes, a professional engineer from Orillia, has inspected the bridge every week. Nick Beatty of Barrie operated the dragline shovel throughout the construction while John McAdam of Big Hawk Landing has worked along side Brohm in laying the beams. Brohm has been building bridges in this province for some thirty years with examples of his work standing in Orono, Parry Sound and Washago. As recently as last Thursday Brohm drove the 40-ton dragline shovel onto the one-lane bridge and found it to be just as sturdy as he expected it would be.

LIBERAL NOMINATING CONVENTION

YOU ARE CORDIALLY INVITED TO ATTEND THE VICTORIA-
HALIBURTON LIBERAL ASSOCIATION NOMINATING
CONVENTION

Wednesday, May 11, 1977

St. Mary's Auditorium

GLENELG AND ST. LAWRENCE ST., LINDSAY

REGISTRATION - 7.30 pm

MEETING - 8 pm

Guest Speaker:

Dr. Stuart Smith

LEADER OF THE ONTARIO LIBERAL PARTY

THIS MEETING IS BEING HELD TO CHOOSE A CANDIDATE TO
REPRESENT THE VICTORIA-HALIBURTON LIBERAL
ASSOCIATION IN THE UPCOMING PROVINCIAL ELECTION.

EVERYONE WELCOME

This advertisement sponsored by the Victoria-Haliburton Liberal Association.

Editorially

Needless

This past Monday Ontario voters knew for sure what they had been expecting for some time... that they would be going to the polls on June 9 to decide the composition of the provincial legislature for the next few years. What most would like to know, as well, however, is why hold a provincial election at all at this time.

After all, it's only been 19 months since the last one and, comparatively speaking, it's been 19 months of good government. At least Queen's Park has been far more responsive to the expressed wishes of areas such as Haliburton County during this period than during any part of the previous long years of rule by majority government.

Examples: despite almost a decade of pleas, cajoling and threats by our local municipal officials, it was not until minority government came to Queen's Park that it gave the construction go-ahead to Minden's sewers and water projects, despite their full approval by the province as long ago as 1970.

Now, Premier Davis makes no bones about his reason for calling an election at this time. He feels the time is ripe for the PC's to regain much of the support they lost in the last election and seeks, hopefully, a mandate from the people of Ontario in the form of a majority.

To most across Ontario this is not sufficient reason to call an election with all the attendant and staggering costs.

Instead, it appears as a self-serving move, needless, costly and certainly unwanted by the people of Ontario.

Minority government has been good government these past months and we can't really believe that returning the PC's with a majority will in any way improve upon it.

Report from Parliament

by

William Scott M.P.

Parliament is debating a bill tabled last week by the Minister of Finance that proposes changes in the Small Business Loan Act. This bill contains some excellent proposals to upgrade the Act, but it does not go far enough. The bill contains only two major proposals, and I approve of them wholeheartedly, but I would have liked to see the government use the opportunity to make a real breakthrough in supportive legislation for the small business community.

One of the proposals would raise the ceiling on guaranteed loans to small businesses. At present the ceiling is \$50,000, and the bill proposes to raise that ceiling to \$75,000. Considering the steady rise in inflation over the past few years, this provision will bring the loan ceiling into line with present costs of doing business, and this will be a welcome boost for small business people. The other proposal will raise the ceiling to qualify as a small business for the purposes of the loan provisions in the Act. At present any business doing a yearly volume of one million dollars qualifies as a small business. The new proposal would raise the ceiling to one and a half million dollars. This too is a reasonable amendment because in today's market one and a half million dollars volume hardly qualifies as big business.

I would have liked to see the government use this bill to initiate steps to establish a Small Business Administration in the government, along the lines of the Small Business Administration in the United States. The SBA in the US has had more than forty years experience in support of small business, and it has been an unqualified success. We would not even have to break new ground in setting up such an administration. We could draw from the ex-

perience of the US agency, and apply their lessons to our own particular problems and needs. We already have a Minister of State responsible for Small Business, but so far he has not been given any real authority to set up machinery to assist small businesses in a concrete way. The Minister of Justice has tabled a new omnibus bill containing amendments to the Criminal Code, and the new bill contains provisions to amend the Code with respect to firearms control. These new proposals will replace the previous controversial gun control legislation tabled last year by the Minister.

The previous bill raised a storm of protest in the House of Commons and around the country, and the new bill appears to take these objections into account. It will propose less restrictive regulations with regard to the purchasing and ownership of firearms, but it will still make it more difficult for people with records of violent crimes to obtain any kind of firearm.

One of the major changes would affect the ownership of handguns, and here again the proposed legislation will take into account legitimate reasons for a person wanting to own a handgun, or pistol.

People of good character will be able to obtain a permit to own a handgun for the following reasons: for personal safety, if a registering officer is satisfied that this purpose will be served; for use in a lawful profession or occupation; for use in target practice; for bona fide collectors, and, because a weapon is a curio.

Anyone wishing to obtain a booklet outlining the proposals in the new gun control legislation can get one by writing my office in Ottawa, Room 534, CB, House of Commons, Ottawa, or by calling at my constituency office at 42 Victoria Street North, Lindsay.

Report from Queen's Park

by

John Eakins, M.P.P.

Of course, the big news in the Ontario Legislature was the new Provincial Budget, which indicated total spending of \$13.098 billion in the fiscal year 1977-78 and over-all revenue of \$12.621 billion for a deficit of \$1.077 billion, compared with last year's \$1.388 billion.

The Treasurer's tax increases will total \$209 million, tax cuts \$201 million.

Tax on a 20 pack of cigarettes will rise by five cents; tax on cigars and cut tobacco will double (the Government expects to make \$58 million from this increase).

South of the French River, car registration fees as of December 1st will be as follows: four-cylinder - \$30; six cylinder - \$45; eight cylinder - \$60. Up from \$23, \$32 and \$40 respectively. Motor cycle registration will increase to \$20, and any car with a displacement of more than 397 cubic inches registered for the first time in 1978 will cost \$80 to register. The Government expects to raise \$78 million on these tax hikes.

Because people living North of the French River have greater distances to travel and sometimes pay more for gasoline, vehicle and motorcycle registration will be reduced to a flat \$10. Savings to Northern Ontario residents - about \$12 million.

Sales tax exemptions on restaurant meals will be increased to \$6 from \$5 and to \$3 from 75 cents on entertainment admissions. Hotel and motel operators will not have to pay tax on disposable items - such as bar soap, toilet paper, matches, shower caps - used in guest rooms. Thermal insulation materials used in all buildings and on other energy-conserving devices, such as heat-recovery units and solar cells, will be exempt from 7% sales tax.

Provincial compensation to small businesses collecting retail sales tax will increase to four per cent to a maximum of \$700 a year. This will cost the government about 45 million.

Effective June 1st, a tax of five cents will be imposed at the retail selling level on each can of carbonated soft drink. The government hopes to raise \$25 million in revenue from this move.

The Government anticipates loss of \$3 million in revenue

by raising the exemption from Ontario income tax to cover people with less than \$1,680 taxable income - up from \$1,540.00.

Small corporations with taxable paid up capital up to \$50,000 will pay a flat tax of \$50 instead of filing capital tax returns. Those with more than \$50,000, less than \$100,000, will pay \$100.

The limit on the value of estates exempt from succession duty has been raised to \$300,000 from \$250,000 and non-residents (including corporations) will pay a 20 per cent land-transfer tax only on agricultural land and recreational land, rather than on all land as hitherto. The time a non-resident must wait to avoid payment of the land speculation tax has been reduced to five years.

Under an amendment to the gift tax legislation, present allowances will be doubled. Gifts of up to \$10,000 per recipient and \$50,000 per donor will be exempt from the tax.

Ontario Hydro's borrowing freedom goes to \$200 million for next year.

We consider the Budget to be, in large measure, an admission of past fiscal sins. For the first time in history, the province is paying interest of over one billion dollars on our debt - an increase of 17%.

Our main concern is lack of effective measures to improve the critical unemployment situation in Ontario. The Treasurer himself predicts that 12,000 more people will be unemployed here this year, compared with last (an increase of 5%).

Although the Budget incorporates a number of measures which are supposedly intended to reduce unemployment for Ontario's youth, all the proposals are short term in effect - the duration of the jobs so created is no longer than 16 weeks, although a few - very few - will last 32 weeks. The Ontario Youth Employment Program, with its \$1 an hour bonus to employers, will not necessarily create new jobs - and in any event will certainly not create the 20,000 jobs as indicated. In fact, the program will fund fewer than 16,000 summer jobs, each lasting only 16 weeks.

Editor,
Minden Progress,
Minden, Ontario.

Dear Sir:

The recent budget pointed out that the two greatest barriers to immediate and future job creation are lack of confidence in the private sector and the weak competitive position of manufacturing enterprises in Ontario and Canada.

Increasing government spending and running a larger deficit would run the significant risk of creating further inflation. The question is whether the temporary jobs created would offset the harm done by increased inflation.

Inflation strikes at those on fixed incomes, such as pensioners, farmers, small businessmen and low wage earners, whether unionized or not. It harms all those who do not belong to a highly organized and powerful group such as high wage unions, trade and professional associations or pressure groups of any nature.

In any case, it is much more a matter of federal jurisdiction to stimulate the economy and create jobs by inflation. The federal government has the jurisdictional and economic powers to do so. If we are to develop as one country, it will be necessary that the federal government retain that power and exercise it accordingly as they see fit.

Darcy McKeough pointed out in a recent speech that we face a national economic challenge. Government-private sector relations cannot develop if the federal government and the ten provinces are travelling in eleven different directions. He points out that we must re-establish a sense of shared national purpose, for without common national goals there cannot be confidence, and without confidence there cannot be growth.

It is necessary to get Ontario and Canada back on a growth path which generates real job opportunities. At the same time, creating that national wealth will enable us to finance our unfinished social goals.

To do this, it is imperative that our manufacturing be strengthened. Due to higher capital and labour cost, and lower productivity compared to the United States, we are not only losing our ability to compete in world markets, but are also losing our own domestic markets. There is no future in simply selling our forests and mines to the United States, Germany and Japan. We simply export potential jobs that way. We must develop the initiative to process those products here - to do that requires that we make a climate that is attractive to industrial development and expansion. Otherwise, we are selling our future, and cheaply at that.

Yours truly,

Jim Webster.

The Editor,
Minden Progress,
Minden, Ontario.

Dear Editor:

On behalf of the rest of the executives I would like to take this opportunity to thank all the people who helped make Minor hockey in Minden a success this year.

The coverage by your Sports Editor, Cliff Burke was real good this year. Also, I would ask parents to remember May 25 at 6.00 pm as we will be holding our Annual Minor Hockey Banquet at the Minden Community Centre.

Thank You,

Minden Monarch Minor
Hockey President,
Ross Warburton.

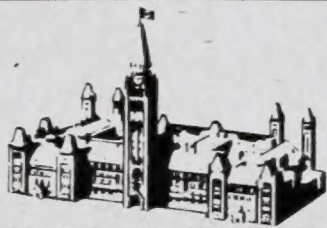

your organization to attend. If this occasion proves to be a success, it could become an annual event in which a variety of local talent will have an opportunity to express itself to our county.

Since the performers are providing their services free gratis, there will be no fixed admission charge. However, donations will be appreciated. All proceeds raised this year will go in aid of our 26 Boy Scouts who will be attending the Canadian Jamboree in P.E.I. this July. Next year, the fund could go to another worthy cause within our county.

Thank you for whatever you can do to make this special event well known and well attended.

Yours truly,

Gerry Feltham,
Chairman,
1st Minden Boy Scouts.
(286-1647)

OTTAWA
and Small
Business

You can, it seems reasonable to assume, project the future of a country from its education system of the present. And, if that assumption is valid, Canada is in big trouble.

Surprisingly little debate has taken place on the value of the Canadian education system. Most argument stems from the quality of instruction in traditional subjects like languages and sciences. Few Canadians have asked whether the subjects themselves are appropriate to the society of today - or tomorrow. But anyone who has taken a close look at what has happened through our schools knows that some sweeping curriculum changes are long overdue.

Our education philosophy dates back to our colonial days. Colonies do not require entrepreneurs and manufacturers; they require clerks and administrators. So our schools specialized in training bankers, salesmen, accountants, and bureaucrats. Nothing has changed since. Even our university "business schools" are training administrators rather than generating entrepreneurial insight.

For more than a hundred years, Canada has been able to pay for a tremendous volume of imports with exports of resources. Since there was no need for us to produce our own goods, the educational deficiencies weren't obvious. But now the resources - including Alberta's oil - are

rapidly running out and our backs are to the wall.

Obviously, if Canada can't pay for imports with resource exports, more of our domestic requirements will have to be produced at home. And that's where an educational monkey-wrench hits the system. Because we've trained Canadians to be administrators rather than producers, we have a serious deficiency in entrepreneurs.

For several years, the Canadian Federation of Independent Business has been calling for the universities and community colleges of Canada to set up departments of entrepreneurial studies. These faculties would specialize in training entrepreneurs as well as pursuing research into improved techniques of small enterprise. When a similar approach

Crystal Ball

by JIM SMITH

was taken towards agriculture by North American schools some decades ago, fantastic strides were made in the area of food production. Similarly, spectacular results in entrepreneurship can be expected from small business faculties.

Finally, there are signs that some provinces are acting on this recommendation.

In the United States, entrepreneurial development centres are springing up all over the country. The message seems to be getting through: although bookkeeping and corporate planning are good to know, our national future may rely on an entire generation of students learning how to start and run their own businesses.

VOTERS' GUIDE

NEXT WEEK

Two official Enumerators will visit your home.

check

They will ask you the name of everyone, 18 and over, at your address who is a Canadian citizen or British subject and has resided in Ontario for at least the 12 months preceding Election Day. Those who qualify will be placed on the NEW Ontario List of Voters and receive a receipt, FORM 103. Keep this Form 103 until Election Day.

check

PROXY VOTING
If you are physically incapacitated, or if you will be absent from your ordinary residence on the advance and regular polling days because you are employed in long distance transportation, a member of the Canadian Forces on active duty or in full time attendance at an educational institution, you may vote by proxy in your Electoral District. For details, contact your Returning Officer - as shown on your FORM 103.

check

RURAL RESIDENT?
If you live in a rural area, and are qualified to vote, it will be much easier for you to vote on Election Day if your name is on the List of Voters. However, qualified rural voters, not on the list before Election Day, may still get on the list and vote by having a friend or neighbour on the same polling subdivision list "vouch" for them on Oath at the polling place.

To Vote in the Ontario Provincial Election -
YOU MUST BE ON THE LIST.

Hall's Lake News

Doreen Stinson

The winds are cool, but the sun is lovely and warm, when it shines. Some days are just fine for working around the yard and some folks are planting gardens and working up the soil. Saturday night we had a lovely rain. Some tell us the black flies are with us once again. The month of May can usually be a beautiful month for getting things done, but of course those black flies take some of the enjoyment out of it.

Three brush fires were raging Sunday and it kept the Stanhope and Minden firefighters and pumps busy. We hear that a bucket-brigade helped considerably in fighting the fire near Kandalore on Highway 35, and as some of the firemen were still battling a previous blaze at the Airport this added strength helped out.

The regular business meeting of Club 35 held Wednesday evening disclosed plans for Summer activities and further plans for the Bazaar and Sale on July 13th, the Bingo games during the two busy months of Summer, and the possibility of holding another popular dance during August when some of the out-of-town members are able to attend. Record attendance enjoyed the Euchre last Monday evening.

Mrs. Elsie Bursey spent a few days in Toronto, and will be attending the night classes in Weaving at the Art Centre in Haliburton each night this week. Already she is making good use of the big loom given to her upon her retirement from Hyland Crest.

Saturday was a perfect day for the informal 'Coffee Break' hosted by the Barkers of L'il Chick Inn. Approximately 150 C.B. Radio Fans from a far-reaching area such as Toronto, Hamilton, Bowmanville, Elmsdale, etc. came to meet people they formerly might just have talked with on C.B. William Carr of Toronto, and Ken Martin of Boshkung won the two prizes donated by MacDonald & Ridgewell, and Radio Shack - one a Match-Meter and the other a unique ash tray. Doughnuts and coffee were served and much friendly conversation was enjoyed. These informal 'Coffee Breaks' are being held at various points from time

to time so that the C.B.'ers may become personally acquainted.

Welcome to Nancy and Mike Thompson who have recently moved up from the City to make their home on the Shangri La Road, in on Peach Lake. Mike is working just now for an Organ Company over in Bracebridge and Nancy is busy fixing up their home. It is good to have some young couples moving into the area!

On Sunday evening Mrs. Helen Brown and the Stinsons enjoyed supper out and then called on Mrs. Hazel Welch at Extendicare in Haliburton and had a nice visit with her. Also talked with Charles Welch who looks great and is feeling much better. He is now Manager of the Country Store at Extendicare and a Director and we certainly congratulate him for taking an active part in his new Home activities.

Nice to have Mr. and Mrs. Cecil Irwin in for dinner on Saturday evening.

Mrs. Audrey Wilkinson and Mrs. Agnes Taylor joined a group of Horticulturists at Guelph University last weekend and spent a pleasant time on field trips and exploring the haunts of nature in that area.

Mr. and Mrs. Dan Blakley are back at their cottage.

Mrs. Louise Watson and Mrs. Florence Poirier have had their sister-in-law from London visiting with them.

The Roy Clarks were busy all last weekend repairing the winter damage to their stone wall on the beach side and giving their place a general cleaning up.

**"It's 2 A.M. and I feel rotten.
Who has time
to read medicine labels?"**

Sorry, there is no excuse for not reading the medicine label. The label tells you what it's for, how much to take and how often to take it. It's important information. Before you take any medicine, read the label. **Medicines can't help you if you don't take them right.**

Ontario Women's Institute
holds Spring directors meeting

For immediate release from the Public Relations Officer Federated Women's Institute of Ontario, Mrs J. Harvey Houston.

The semi annual spring Board of Directors met at the Lord Simcoe hotel, Toronto, April 18-22nd. Mrs Herb. Maluske, Chesley the president welcomed 32 Board Directors and one Junior W.I. member

A theme to think about in the coming month "Thinking well is wise; Planning well is wiser; Doing well is wisest". Mrs Maluske reported keeping all her appointments. Briefing sessions were held in January for the leaders for Officer's Conference. The Stoney Creek W.I. celebrated the 80 Anniversary of founding of W.I. A warm welcome was extended to Miss Molly McGhee, Director of Home Economics Branch, Ministry of Agriculture & Food. Miss McGhee reported an increase in the number participating in the Training Schools, Short Courses, Food Forum etc. 1967-1977, 28,343 took part. 4-H Homemaking club members, 56,875.

Mrs Earl Morden, Rodney, sec.-treas. said there are 1,262 branches, a membership of 29,217.

Mrs Austin Zoeller, chairman of the Earl and Lee Home Committee reported a day long session was held with Mrs Dorothy Duncan Adviser Heritage Administration, April 14 W.I. week will be held at Stoney Creek June 6-10th. Many hundreds of people are expected.

Mrs Victor Beachin is official hostess at the Lee Home. The 80th Anniversary of founding of Women's Institute will be celebrated at Bingham Park, Kitchener, July 13th. Mrs Lynsay-Hacket-Pain, Sussex, England will be guest speaker. She is Honorary Treasurer and Chairman of Finance committee of the Associated Countrywomen of the World. She will spend three weeks in Ontario.

Mrs Harvey Noblitt, Ottawa, convener of resolutions had the following sustained. That the Government find a remedy for the shortages of dentist in some areas; the hazards of small toys enclosed in cereal boxes; Privately owned business and farmers be allowed to pay spouse for labour and be deductible from income tax; That the "spot check" advertising on T.V. shows which depict scenes of murder hate and violence be scheduled to adult viewing hours; that the Ontario Government enact legislation to prohibit magazines depicting sex, nudity, and violence to be prominently displayed in stores.

Miss June Alton, Wingham reported for the Junior W.I.'s, there are 200 members in nine branches. Mrs Russell Campbell, Iona Station, reported on the upcoming 29th Officer's Conference, at the University of Waterloo, May 4-5-6.

The session adjourned Friday, to meet again at the Lord Simcoe hotel, Toronto, Dec. 5-9th, 1977.

W.I.
meeting

The April meeting of the Minden Women's Institute was at the home of Mrs. Morgan Trumbull in the afternoon of the 20th with 25 present.

There was a minute of silence in memory of Mrs. W. Walker, followed by the Lord's Prayer.

The Annual Reports were read and Mrs. A. Kernohan read the Resolutions Report from Mrs. H. Welch who was unable to attend.

Mrs. P. Clarke acted as Secretary in Mrs. MacArthur's absence. She also presided during the election of Officers with Mrs. L. Cox acting Secretary for this.

Officers elected are as follows:-

Pres. Mrs. L. Cox

1 V.P. - Mrs. M. Trumbull

2 V.P. - Mrs. A. Todd

Secretary - Mrs. P. Clarke

Treasurer - Mrs. A.S. Kernohan

Branch Directors - Mrs. R. Hughes, Mrs. Arnold Coulter, Mrs. B. Burns, Mrs. B. Moore

District Director - Mrs. S. Ewing

Alternate Director - Mrs. G. MacMinn

Convenors -

Agriculture and Canadian Industries - Mrs. Allan Taylor

Citizenship and World Affairs - Mrs. Chris Lazier

Education and Cultural Activities - Mrs. W. Locke

Family and Consumer Affairs - Mrs. J. Hulbig

Current Events - Mrs. M.J. O'Neill

Curator - Mrs. M. Sears

Card Convenor - Mrs. Allan Taylor

Pianist - Mrs. P. Clarke

P.R.O. - Mrs. Sears

Secret Pals - Mrs. W. Moore

It was decided to have the articles from a Spring Sale at the Anniversary Tea, in June. Mrs. H. MacMinn offered her services on the Planning Committee for this Party.

The next meeting will be May 18th at the Parish Hall at 2 pm with the committee from the programs in charge and several ladies offered to be hostesses. The meeting closed with God Save the Queen and W.I. Grace and a social time was enjoyed by all. If you are interested, come out and join us at the next meeting, we welcome all newcomers.

About
the Town

with Jeanne Sears

The Candidates for our Ontario Provincial Government are on the 'Campaign Trail' as we are having an election June 9th. Anyway, listen to the candidates and no matter what your opinion, plan to be at the polls and state your wishes as some countries have no choice.

Winners at the L.O.B.A. Card Party at the Orange Hall, April 25th were for cribbage Bill Bennett, for euchre lone hands Edna Trumbull (on a cut) and Pearl Cowan, Harry Cowan and May Wright.

Some very concrete steps were taken toward realization of a new Library-Museum for Minden, when an enthusiastic group met at St. Paul's Parish Hall to discuss ways and means of raising funds. Some projects underway are: a bowling night in the near future, a raffle for a winter trip to Florida, a raffle on doll and outfits, a book stall at the Fair, Aug. 14th (save your books for this) and a Giant Auction Sale at the Curling Rink Sat. July 30th. It is not too early to start saving articles for this auction, and, after May 31st your donations will be picked up and delivered to the Curling Rink for inside storage until the day of the sale. Phone Stan Blears 286-2351 or Earl Hewitt 286-1598 for further information.

Do you think this is true? A good gardener always plants 3 seeds, one for the bugs, one for the weather and one for himself? C. Collins.

Doward Johnson was very pleased to enjoy a weekend with his family.

Guest last week with Mr. and Mrs. Earl Hewitt (his daughter) was Arthur Thorpe of Toronto. Over the weekend these Hewitts entertained Mr. and Mrs. Ron Davis and family of Timmins.

Sincere sympathy goes to the family and friends of the late W.J. Mintz who passed away last week.

We are very pleased to report that Holly Stevens is home again after a long time at Ross Memorial.

Our streets are being torn up as sewer and waterworks go on. Leave a little earlier than you planned, as you may have to find a road open into town. Also the bottle-neck at the bridge is again there as workers are busy completing their work.

Don't discard any used articles as the Minden Figure Skating Club are planning a Flea Market for May 21st. If you have articles for this call 286-2834, 286-1092 or 286-1561.

All their friends send good wishes to these people who have been or are still in hospital, Irene Stoughton, Mim Irwin, and Kirsten Monk at Peterborough Civic.

At the weekly Mini Card Party at the Parish Hall last Thursday afternoon winners were for bridge Ken Cockburn for cribbage, Molly Locke and Joyce Hewitt; for euchre lone hands Harry Cowan and Agnes Mullens and

Nellie Graham.

When lovely tulips bloom once more,
Kissed by sun and rain,
Spring will spread her emerald gown
O'er every field and lane.

Birds will wing the azure sky
And sing sweet melodies,
While fragrance of the fertile earth
Mingles with the breeze.

Each pretty tulip that unfolds
Holds wonders by God's hand,
Each is a tiny rainbow
Emerging from the land.

We welcome Spring with happy hearts
And we're most grateful too,
For beauty of this magic time
When tulips bloom anew.

L.P. Larson

Thinking of tulips, have you noticed the lovely showing in front of the Post Office, the caretaker is to be congratulated on his green thumb. He surely plans well, as there are blooming plants there all season long. Gerald Coulter of Toronto enjoyed a weekend with his parents Mr. and Mrs. Angus Coulter. It will soon be time to cut your lawn, this is a good time to have your mower checked over so it will be ready. Lots of traffic on the weekends so take care. Cheerio until next time.

NOTICE

During Minden's CLEAN-UP WEEK donate your 'treasures' to the Minden Figure Skating Club's Flea Market and help us with our fundraising. For pickup call 286-2834 or 286-1092 - Minden; 286-1516 - Lochlin.

Vegetable Medley

A favorite ... for sure!

If individually cooked, nicely seasoned vegetables look and taste great, you can imagine how a selected mixture of various colors, textures and flavors of vegetables look and taste. "Sensational" says food specialists at the Ontario Food Council, Ministry of Agriculture and Food.

During the winter months, you'll buy most of these vegetables, perhaps every shopping trip. One day, put them all together in this combination. Cook them in groups. Since potatoes, squash and rutabagas need the most cooking, you start off with those, then add the other vegetables - finishing with tomatoes and

green peppers. This dish will become a favorite ... for sure!

Vegetable Medley

1/2 cup diced potato (1 med.)
1/2 small yellow squash, (cut in half, remove seeds, slice very thinly)
1-1/2 cups rutabaga (3/4" cubes)
1 cup carrot coins, 1/4" thick (2 to 3 medium)
1/2 cup fresh green beans, sliced into 1" diagonals
1/2 cup celery, sliced about 1/4" thick on the diagonal (1 stalk)
1 onion, thinly sliced, separated into rings
1/2 cup parsnips, peeled, cut into coins
1 medium tomato, cored

and cut into eights
1/2 cup julienne strips green pepper
2 cups beef bouillon (use 1 beef flavored bouillon cube in 2 cups water)
1/3 cup olive oil
2 small cloves garlic, crushed
1-1/2 teaspoons salt
1/2 bay leaf, crumbled
1/4 teaspoon tarragon
1 tablespoon chopped parsley

A day ahead, (if desired) wash and prepare all the vegetables, cutting them into the sizes and shapes given above. Bag the vegetables in groups. (Keep the

potato in water).

Put the bouillon cube dissolved in water; oil, garlic, salt, bay leaf, tarragon and parsley in electric frypan.

Heat to boiling. Add drained potato, squash and rutabaga. Cover; cook 10 minutes only. Add carrots, green beans, celery, onion and parsnip. Toss lightly. Cover and cook another 10 minutes. Toss lightly. Add tomatoes and green pepper. Cover. Cook 5 minutes only. Serve immediately.

Makes 6 - 8 servings.

Trees...1 of 4000

Last Saturday 60 Scouts, Ventures, Cubs and Beavers from the Minden area set to work on their 1977 'Trees for Canada' project. Above, Scouts' Shane Blakey, right and Paul

Northey, plant the last of 4,000 Pines on the Scotch Dam Road below the Minden dump site. When the boys and girls and the 26 adults who helped them had completed their

work, they were treated to lunch by the Minden Kinsmen Club. The Kinsmen brought their Chuckwagon right to the planting site for a most enjoyable 'feed in the field'.

ARENA

FROM P. 1

The money will be used to pay for a new Zambad ice cleaning machine, new spectator seating and glass surrounding the ice surface. Local organizations and individuals have come out in strong financial support of the building fund, Mr. Wood

said. He went on to point out that \$2,500 had been received for the sale of the tractor, previously used for cleaning the ice and this amount had been re-invested in the arena fund.

RADIO EMERGENCY ASSOCIATED CITIZEN'S TEAMS

Each and every radio station is issued a call sign which begins with the letters XM, followed by five or six numerical figures; the first two identify the Department of Communications district office issuing the license.

Each and every radio station MUST transmit its full assigned call sign at the beginning and at the end of each exchange of communications and at the end of each test transmission. This does not mean one cannot use a 'handle' ALONG with one's assigned call sign.

Minden 1976

IN REVIEW...

by- Charlotte O'Neill

The Skate-a-thon was a real success. Four thousand, five hundred dollars was raised or pledged for the Rotary Club and other participating organizations.

The new self-serve liquor store was opened in Minden in the Spring.

Plans were finalized to build a Senior Citizens Housing, 24 units.

Victoria East District Annual was held in the United church, here on May 13th, it was a very interesting, enjoyable day.

The 24th of May holiday weekend was marred by the tragedy at Hawk Lake when the causeway collapsed, killing a lady and her two grandchildren.

Mike's Milk moved to its new location, with more room to expand and the laundromat opened. It was welcomed by many of the locals as well as the tourists.

Sid Brown was appointed Administrator of Hyland Crest following the retirement of Mrs. Bursey.

Mary Lou Johnson, daughter of Mr. and Mrs. Lloyd Johnson, has gone to New Zealand for a year as an exchange student.

Congratulations to Mr. and Mrs. Vinton Loucks who celebrated their golden wedding in August.

Minden Fair was a disaster, weather-wise. Kinmount fared much better and a large crowd to see Flora McDonald open the Fair and Marg Osborne who entertained later.

A new fire hall is being built in Minden to house the fire engines and equipment.

The Peterborough Lumber Store on the by-pass was opened Sept. 11 and will provide real competition for the other building centres in the community.

The leaves were lovely but the weather wet and cold for the Institute bus

trip to Parry Sound in October.

Mr and Mrs Tom Newell celebrated their sixty-sixth Wedding Anniversary with a reception in the United Church Hall on Oct. 17th. They are leaving Minden to live in Sudbury.

Mr. Mark Vasey sold his Insurance Agency to Mr. Cameron Carey and has retired.

Congratulations to Lois Deacon and Dean Minto who were both Ontario Scholars.

The Municipal Elections are over for two more years but caused a great deal of interest, particularly in Lutterworth.

Mr. Lawrence Pritchard was given the title of Minden Rotary Parade Marshall and given an identification bracelet.

Hunting Season is over with few deer, but many bears. Lionel Walker shot a bear which weighed four hundred and fifty pounds.

The Country's first snowmobile accident of the season happened on Nov.20th. Normally we don't have any snow at that time of the year.

Bob Austin received a Royal Canadian Humane Association Parchment for his efforts in saving the life of Peter Windover last winter.

Mrs. Fairfield and Mrs. Walker both celebrated their birthdays this fall, 98th and 91 respectively.

The Sunnybrook Bridge re-opened on Dec. 22nd after the top was re-built. We were fortunate to have a Bailey bridge to handle the traffic for several weeks.

Minden Women's Institute has lost one of its life

members in the person of Mrs. James Fairfield. She died Jan. 6th after a short illness. We always enjoyed her papers on early days in Haliburton County and at 98 years of age her memory was amazing. She will long be remembered.

Government aid to small businesses "long overdue" ...Eakins

Speaking on the subject of new directions for small business, John Eakins, M.P.P. (Victoria-Haliburton) told a fundraising dinner in Bradford Friday evening that the time is long overdue for government to come to the aid of small business.

Mr. Eakins, who attended as guest speaker, told the gathering that in recent years governments have hindered the growth of the private sector through bureaucratic regulations and red tape, and by taking over an increasing proportion of available resources themselves, leaving less and less to the more competitive and efficient private sector to develop. He said that for our economy to grow in a healthy manner, a new balance must be established between the public and the private sectors.

Mr. Eakins added, "A healthy economy should consist of a mixture of small, medium and large firms, since each enterprise has a different optimal size in terms of efficiency and effectiveness, depending on the market it serves. A constant flow of new venture start-ups is necessary in order to preserve this mix by preventing a natural tendency toward industrial concentration. Small firms, he said, do operate effectively and efficiently in specific sectors."

"While government policy has done much to assist medium and large corporations, through the use of tax incentives, write-offs, credits and deferrals, etc., little has been done to aid small business. This sector must be viewed as a separate entity. Policies designed to benefit large corporations often have a negative impact on small business. At least their problems and needs are not the same. It is now time, indeed I believe it is long overdue, for government to come to the aid of small business."

"Our Party and government would undertake policies with regard to its own operation which would assist small business in Ontario. To begin, Ontario would make a legislative commitment to the small business sector. The United States Congress has made such a commitment when it passed the United States Small Business Act in 1953. Since our federal government in Canada has failed to embody support for small business in legislation, it is incumbent upon the province to do so and to enact policies in support of it."

John Eakins, who recently addressed students at Mac Master University and the

tourism class at Seneca College, told his audience, "As our Party's critic for the Ministry of Industry and Tourism, it would be my recommendation and that of our Party, that we would establish a unit within the Ministry of Industry and Tourism to promote Ontario produced goods both domestically and internationally. Most small businessmen cannot afford extensive advertising and marketing programs outside their immediate area. The government would compile and distribute catalogues of available services and products, and would provide a general marketing service for small businessmen in Ontario."

Retail Sales Tax exemptions increased for places of amusement

Immediately following the Treasurer's Budget Statement on April 19th, The Honourable Margaret Scrivener, Minister of Revenue, introduced a bill in the Legislature to raise the general exemption from Retail Sales Tax from 75 cents to \$3.00 on admission prices to all places of amusement.

Mrs. Scrivener emphasized today that, "This measure does not change the government's practice of granting further exemptions to non-profit and charitable organizations, as well as amateur sports. Of course, the increase in the general exemption to \$3.00 will automatically exempt many such organizations. However, where their admission prices ex-

ceed \$3.00, these non-profit organizations may continue to apply for tax exemptions as in the past". Mrs. Scrivener also said, "I encourage all those organizations who may be concerned about such exemptions to contact their nearest Retail Sales Tax District Office or the Branch Head Office at (416) 965-5772".

Province names members of new farm commission

The members of the Farm Income Stabilization Commission of Ontario have been named by the Legislature, according to Victoria-Haliburton M.P.P. John Eakins.

The members representing the three major agricultural organizations are: Cash crop and beef farmer Hilbert Van Ankum of Wroxeter, representing the Christian Farmers' Federation; dairy farmer Ellard Powers of Beachburg, representing the National Farmers' Union; and tobacco and corn farmer Albin Kormas of Vanessa, representing the Ontario Federation of Agriculture. Other commissioners are: Cash crop farmer Jules Debrabanders of St. Marys; dairy farmer George McLaughlin of Beaverton, a former chairman of the Ontario Milk Marketing Board; and dairy and beef farmer Arden Baker of Brockville.

Chairman of the commission is Henry Ediger, who is also chairman of the Crop Insurance Commission.

The commissioners will administer the Farm Income Stabilization Act, which was proclaimed April 6, 1977. Under the act, agricultural producers will be able to establish a stabilization plan for individual commodities. Each plan will be financed one-third by participating producers and two-thirds by the Government of Ontario. Plans will be established only at the request of producers and membership is voluntary.

With the appointment of the commission, the stabilization programs can be applied to the 1977 production year. Appointments are for one year.

Canadians handle finances well, senior banker says

Consumer credit levels now are no higher than they were 10 years ago when compared to income, a spokesman for the banking industry says.

Rowland C. Frazee, president of the Canadian Bankers' Association (CBA), told a Senate committee that whether credit totals are considered too high, too low or just right depends on many other factors.

One of the best comparisons is to personal savings, he told a banking, trade and commerce committee hearing on the Borrowers and Depositors Protection Act.

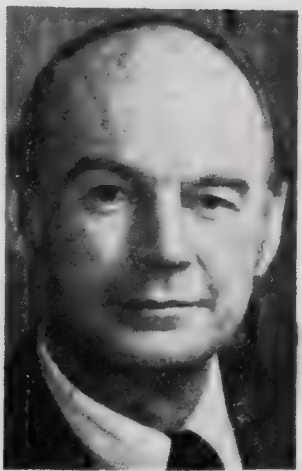

"In the period from 1967 to 1975, consumer credit in Canada increased at an average annual compound rate of 13.2 per cent while personal savings increased 19.1 per cent."

"In other words, while Canadians increased their consumer credit, they have also increased their savings and their ability to repay to a much greater degree."

Mr. Frazee said consumer credit as a percentage of personal disposable income (income less taxes) was about 20 per cent in 1967 and now has

returned to that level after a slight rise in 1973-74.

"This illustrates that Canadians are not increasing their consumer credit disproportionately."

Rowland C. Frazee

They are, in fact, responding to general economic conditions from year to year in their savings, expenditures and borrowings."

Mr. Frazee said that based on experience, bankers still believe that "by and large, Canadians manage their finances with greater wisdom than appears to be popularly believed," as stated by the Royal Commission on Banking and Finance some years ago.

Unemployment insurance claims down

Unemployment insurance claims for the month of March in the U.P. Peterborough District totalled some 8,879, down 84 claims.

However, March claims are up almost seven per cent from a year ago

when March 1976 claims stood at 8,280.

The figures include the counties of Haliburton, Victoria and Peterborough plus the townships of Brock, Percy and Seymour.

Burning Rectal Itch Relieved In Minutes

Exclusive Healing Substance
Relieves Pain As It
Shrinks Hemorrhoids.

If you want satisfactory relief from 'itching piles'—here's good news. A renowned research laboratory has found a unique healing substance that promptly relieves the burning itch and pain—actually shrinks hemorrhoids. This substance has been shown to produce a most effective rate of healing.

In one case after another 'very striking improvement' was reported and verified. And most important... this improvement was maintained over a period of months.

All this was accomplished by a healing substance (Bio-Dyne)—which quickly helps heal injured cells and stimulate growth of new tissue. Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores—satisfaction or money refunded.

Preparation **H**

The Brown Owl

The Brown Owl. Yes, that's the name of the latest addition to the Minden business scene. It's the former restaurant and gas bar located on the Minden bypass and recently purchased by Leroy and Pat Lichty. The Lichty's hail from Whitby and have moved here with their three children: Carol 16, Richard 15 and Carla 12. Employed for the past 12 years at General Motors in Oshawa, Mr. Lichty plans to continue his work there for the time being. Meanwhile the rest of the family are pitching in to make a success of their first business venture. Needless to say, the people of the Minden area extend them their warmest welcome and sincere wishes for a long and successful stay.

Thomas on the Cup

by Dwight Thomas

There was another surprise in the Stanley Cup playoff hunt when the Boston Bruins wiped out Philly in four straight games, whitewashing the Flyers 3-0 in the fourth and final game.

I had picked the Bruins to win in seven games so I had obviously under-rated the boys from Beantown. Perhaps the Leaf series took a lot more out of the Broad Street bullies than most expected.

The other semi-final is following the script fairly well, though, as the Canadiens lead the series 3-1 (as of press time Tuesday). I picked the Habs to dispose of the pesky Islanders in five games and when this paper hits the streets the Montrealers should have the series wrapped up.

Montreal blanked New York 4-0 Saturday night in a superb display of defensive hockey. The Islanders are good but there's no Stanley Cup for them this year.

The Bruins-Habs final should be a good series as Boston is one of the few teams to give Montreal trouble this year. The Bruins have a disciplined, well balanced team and should provide tough opposition for the mighty Habs.

I pick the Canadiens to win in a maximum six games, perhaps a four game sweep.

Canadiens are the class of the league this year and deserve to win the Stanley Cup. They have lost only nine times in 89 outings this season.

That's an awesome figure for any professional sports team. The last time Montreal lost a home game was Oct. 30, 1976 a 4-3 loss to the Bruins. Their unbeaten string at home stands at 38 games. Montreal should sip champagne from the Cup for the 20th time in their long, proud history.

\$5,000 damage in 4-vehicle crash

A four vehicle accident early last Friday evening caused some \$5,000 damage and has resulted in one driver being charged by police.

The pile-up, which occurred on Highway 121, just east of Ingoldsby, involved two cars and two dump trucks with miraculously, no one injured.

Gordon Beaumont, 49, of Willowdale was eastbound when his car slammed into another car driven by Alfred H. Harrison, 60, of Toronto.

According to police, Harrison pulled out of a private driveway into the path of the Beaumont car and subsequently he was charged with failing to yield.

Two tandem dump trucks which were following the Beaumont car also became involved in the crash.

Carmen H. Barry, 27, of West Guilford, driving the truck immediately following the Beaumont car, swerved to the right and avoided the accident but driver of the second truck, William

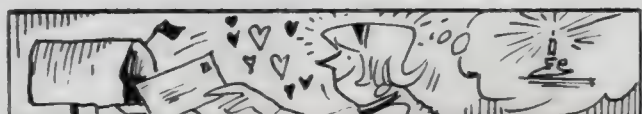

L. Stamp, 19, of Haldimonton, swerved to the left to avoid Barry's truck and hit the Harrison car on the left side, then the Beaumont car in the rear end.

The 1976 truck driven by Barry suffered no damage while the 1977 truck driven by Stamp received only \$5.00 damage. Beaumont's 1973 car was termed a write-off by police as it sustained some \$4,000 damage while Harrison's 1969 car was also a write-off with some \$1,000 damage.

Investigation by Provincial Constable Dennis Potter. An accident which occurred at about 8.30 pm last Wednesday caused some \$2,000 damage to a 1975 pick-up truck driven by Frederick Harrison, 47, of Minden.

Harrison was northbound on the Old Bobcaygeon Road when his truck entered the east ditch on a curve and rolled onto its side.

Investigating officer, Provincial Constable Weldon Popp, has charged Harrison with impaired driving.

Some people believe that dreaming of a bright burning candle means you will receive a letter from your love.

Provincial funds to stimulate rental construction

A province-wide grant program designed to supplement the federal financial aid to builders of rental units was announced recently by Housing Minister John Rhodes.

"The aim of this new program," said Rhodes, "is to fire up construction of moderately-priced apartments in those areas where it has been lagging."

In 1975 the federal government began an Assisted Rental Program (ARP) to encourage rental construction. The federal funds, in the form of an interest-free loan and subsidy, enabled builders to compensate for higher construction costs, which were making it uneconomic to build units that could carry for current market rents.

"This federal assisted rental program, commonly called ARP," said Rhodes, "has been successful except in some areas, such as Toronto, where a combination of high mortgage rates, land and construction costs made it difficult, if not impossible, to build apartments which could be rented at current rental levels. In order to overcome this problem my ministry is going to initiate the Ontario Rental Construction grant, in addition to the federal funds now available."

Under the ARP program, private lenders supply the initial mortgage loan for rental construction and Central Mortgage and Housing Corporation pre-qualifies the dwelling and offers the builder a loan of up to \$1,200 per rental unit annually. This loan is interest free for at least a ten year period.

During the ten year period, the amount of this loan is gradually reduced, as the market rent approaches the rent dictated by actual construction costs.

"Now," said Rhodes, "in those areas where the federal grants have failed to close the gap between construction costs and market rents, the provincial government will provide an outright grant of up to \$600 per unit, in the first year. In successive years, this grant will be reduced, as in the federal formula. The provincial grant, is not repayable, as it is in the case of the federal assistance."

Rhodes saw this new program stimulating the construction of several thousand new apartments in the moderate-rent range and also stimulating employment in the construction field across Ontario.

Kinsmen Marathon Draw Preliminary Winners

Following are the winners in the Kinsmen Marathon Draw to date. The next draw will be held on May 23, 1977.

Miss Eleanor Shevawn Madill

Miss Eleanor Shevawn Madill, daughter of Mr. and Mrs. Ted Madill of Minden Furniture has been on the staff of St. Anthony's Hospital, St. Petersburg, Florida since last November. Eleanor is a graduate of Western Hospital in Toronto and is now a Registered Nurse both in Canada and in the State of Florida.

"Ruddigore" comes to Haliburton

THIS WEDNESDAY, MAY 4, THE CURTAIN RISES AT H.H.S.S. AUDITORIUM FOR OPENING NIGHT OF THIS YEAR'S GLEE CLUB PRODUCTION OF 'RUDDIGORE' OR 'THE WITCH'S CURSE'. THIS COMICAL OPERETTA WILL CONTINUE TO RUN FOR THE NEXT THREE EVENINGS - THURSDAY, MAY 5, FRIDAY, MAY 6, AND SATURDAY, MAY 7. CURTAIN TIME IS 8.00 P.M.

SET IN THE CORNISH FISHING VILLAGE OF REDERRING, THE STORY CENTRES AROUND ROSE MAYBUD, WHO IS OBSESSED WITH ETIQUETTE AND ROBIN OAKAPPLE, WHO IS OBSESSED WITH HIS OWN TIMIDITY AND WITH HIS NEED TO HIDE HIS TRUE IDENTITY AS AN EVIL BARONET INFLECTED WITH A WITCH'S CURSE. REDERRING POSSESSES AN ENDOWED CORPS OF PROFESSIONAL BRIDESMAIDS WHO BECOME FRUSTRATED WITH ROSE'S REFUSAL TO MARRY ANY OF HER SUITORS. WHEN RICHARD DAUNTLESS RETURNS FROM SEA A COMPETITION DEVELOPS BETWEEN ROBIN AND RICHARD TO WIN ROSE'S HEART. THE CONFLICT IS DEEPENED WHEN ROBIN'S TRUE IDENTITY IS REVEALED.

THE CAST ALSO INCLUDES SUCH COLORFUL CHARACTERS AS THE WICKED SIR DESPARO MURGATROYD, SENILE ADAM GOODHEART, THE DECEASED SIR RODERIC MURGATROYD, MAD MARGARET AND UGLY DAME HANNAH. MR. BILL GLIDDON, DIRECTOR AND PIANIST HAS DEDICATED A GREAT DEAL OF HIS TIME TO PROVIDE A REWARDING EXPERIENCE FOR THE MEMBERS OF THE GLEE CLUB. IT IS MR. GLIDDON'S ENCOURAGEMENT AND PERSEVERANCE THAT HAS STIMULATED THE SUCCESS OF EACH GLEE CLUB PERFORMANCE. PLAN NOW TO ATTEND 'RUDDIGORE' FOR AN ENJOYABLE EVENING OF GILBERT AND SULLIVAN COMEDY. SEE 'COMING EVENTS' FOR FURTHER DETAILS.

In this space last week we announced the date of the Haliburton County Snowmobile Association's up-coming general meeting. That is Sunday-afternoon of the holiday weekend, May 22nd, at 2 pm in the HCSA clubhouse at Donald. That date was chosen specifically to give a greater number of people a better opportunity to attend this meeting which may well be the most important one in the Association's history.

Also last week, we touched upon several matters which should be of concern to the people of the county and suggested that your feelings in these matters should be communicated to the Association at that meeting. We intend to lay on you a few more pertinent facts this week, for we firmly believe that the importance of the HCSA's work cannot be stressed too strongly.

We mentioned that the HCSA had grown to be recognized as the largest snowmobile club in the Ontario Federation and as far as we can ascertain the largest in the Province. We doubt very much if many of the people of Haliburton County have any idea what this means to them.

First of all, if you're a snowmobiler, you have been provided an opportunity to enjoy safe, dryland trail riding on a groomed system that stretches from one side of the county to the other, a system on which no usage fee is charged and from which the worries of trespassing have been removed. At last count the groomers were covering approximately 200 miles. If you are a cross-country skier, you have been free to use these trails at your own discretion, and you have never been confronted with a 'No Skiing' sign. If you are a tourist operator, maps of the trails have been readily available for your guests and, in many cases, trails have been so laid out as to pass as closely as practical to your place of business. Trails have been routed to gas stations, restaurants and taverns wherever possible because snowmobilers have a need for such services.

What has all of this cost you? If you are a snowmobiler you've helped to pay for it with your registration fee, and hopefully with your membership in the HCSA. If you are not a member, we hope you will realize that it was only a healthy membership that made it possible to get a return from your registration. It naturally follows that a larger membership would mean larger provincial grants in the future. So why not enroll now for next season?

If you are a business operator, the chances are that you enrolled as a Commercial Member several years ago, and for one reason or another have let your membership drop. Commercial memberships in the Association topped at 108 in the 1972-73 season and dwindled to approximately one-third of that number this year. The increasing effectiveness of the Association has been met with a diminishing support. This trend must be reversed if the HCSA is to continue to grow and expand its services in the county. But even more than financial support, the HCSA needs to know that you appreciate their efforts on your behalf. Why not come to the meeting and tell them!

The HCSA is widely recognized in the Province. The Ministry of Natural Resources has been highly co-operative since trail funding became available and other snowmobile clubs look to us for leadership. Groups coming here from other areas to snowmobile look with envy on our extensive trail system. Riders from Mount Forest said they had never seen anything to match our Peterson Trail. The Hanover Club were so pleased with their weekend ride, and the hospitality afforded them, that they presented their guide with a beautiful desk set as a token of appreciation. A director of the Association has been on the board of the Provincial snowmobile organization, the Ontario Federation of Snowmobile Clubs, for the past two years and was recently elected Vice President of that organization.

The HCSA will be asking, on May 22nd, for a strong mandate to carry on its efforts for the good of Haliburton County. A full show of support is long overdue. We hope you will fill the old schoolhouse until it bulges at the seams.

It will be worth the trip just to see the barbecue that Brian built!

The newly elected board of directors of the Ontario Federation of Snowmobile Clubs met in the Bristol Place Hotel on Dixon Road, Toronto, to chart the Federation's course for the next twelve months. The meeting opened at 1 pm April 30th and adjourned at 2.45 pm May 1st, with barely enough time out for adequate food and sleep. A session of an hour and a half duration was inserted Saturday evening just to explain to new directors what they had gotten themselves in for. In short, a great deal of time-consuming hard work!

Since the writer is on that board, and will be reporting from time to time on the Federation's work, perhaps it would be a good idea to list here the names and location of the people I will be working with, all but four of whom I have been closely associated with for the past two years.

They are:

President: John Moskwa, Brantford.

1st Vice President: Roy Bates, Haliburton.

2nd Vice President: Harvey Wright, Sault Ste. Marie.

Treasurer: Valerie Madden, Mountain (near Ottawa)

Recording Secretary: Charles Mann, Kincardine.

Corresponding Secretary: Jan Reeves, Milford Bay.

and Directors:

William Barker, Portland (near Brockville.)

Richard Bretzlaff, Sudbury.

Peggy Brown, Beeton.

Don Haynes, Jordan Station.

Peter Hurd, Port Perry.

Beverley Jobbins, Port Carling.

Jim Matthew, Perkinsfield (near Midland).

Ron Nelson, Port Sydney.

Phil Ormsby, London.

Richard Start, Hillsburgh (near Orangeville.)

Perhaps the most important person in all the OFSC is the office Secretary/Manager, Vera Van Alstine, who maintains the head office in her home at Port Sydney. While the rest of us can squeeze our work into a few evenings and weekends, this lady is on the job virtually 24 hours a day and seven days a week!

While numerous matters of urgent concern to snowmobilers were formally considered at this meeting, the items of utmost priority were the establishing of objectives for the current year and the formation of committees to tackle the job.

The first, and undoubtedly the most important aim of the OFSC, is to detail and refine the government report. This is the 64 page document submitted to the Ontario Government last winter, immediately after the Haliburton meeting where its contents were given final approval of the board, and which outlines the impact of the snowmobile on the snowbelt regions of North America and also suggests appropriate government action in the next five year period. Response to the document from the various government

departments has been encouraging, and to follow through in the numerous channels apparently opening to us, the Federation has struck an overall Government Committee consisting of six sub-committees to deal with all facets of government involvement. Rick Start, who heads up the sub-committee dealing with Natural Resources, will be the chairman.

Other sub-committees involved in the project are, Ministry of Transportation and Communications, (driver-training and signs) under Don Haynes; Northern Affairs, (special concerns of the North) Harvey Wright; Tourism, (the snowmobile's impact) Roy Bates; Culture and Recreation, (Wintario) Jan Reeves; and Finance, (Resources Development) Bev Jobbins. Bev, as you may recall, has been the snowmobilers' representative on the Ontario Trails Council for the past two years. Collectively, these six bring to the OFSC Government Committee a wealth of knowledge and expertise in their respective fields.

Objective Number 2 is to stress communications and public relations. Press and public relations chairperson is Peggy Brown who brings her experience with the Huronia Tourist Association to the OFSC. A member of her committee, this writer continues as bulletin editor.

Objectives 3 and 4 deal with the internal operation of the Federation and, address themselves expressly to limiting the costs of directors meetings and compiling detailed committee reports and recommendations.

The fifth and last objective, based on the excellent safety record in snowmobile clubs and the Ontario Provincial Police endorsement of club operation, directs the Federation to strive toward getting all snowmobilers into clubs and all Ontario clubs into the Federation.

The next twelve months will be busy ones for the OFSC, and we sincerely believe they'll be eventful.

Ontario trappers benefit through workshop

Through a series of education workshops, the Ministry of Natural Resources is helping Ontario's trappers learn more about their craft and conservation too.

Last year, more than 2,000 of the province's 12,500 licensed trappers participated in 50 workshops held across Ontario aimed at making them better trappers with an improved knowledge of conservation and how it affects their source of income.

The courses have been a smash hit with both veteran and novice trappers alike and, surprisingly, about five percent of those who attended were women. Attendance has far exceeded expectations. One workshop at Cambridge, for example, planned for 20-30 trappers, attracted more than 300.

Typical of the workshops held at various centres across the province, a recent one at Lindsay featured presentations and demonstrations by the Ontario Trappers' Association, the Federal-Provincial Committee for Humane Trapping and the Ministry of Natural Resources. Highlights of the Lindsay course included trap testing, beaver skinning and pelt preparation. There was even a prize for the best beaver pelt.

Lloyd Cook, president of both the Ontario Trappers' Association and the Federation of Canadian Trappers, summed it all up: "No fur-bearer conservation program in North America can be successful without the active involvement of the trappers and without trappers working together with the different government agencies and conservation departments."

As a long-time professional trapper, Cook is asking for regulations making it mandatory for a new trapper to attend special workshop courses, to apprentice for a year with an older trapper, and to pass a practical examination before receiving a licence in Ontario. His ideas are catching on. Already, some Ministry districts require trappers to attend workshop courses before being granted a trapline licence.

Lloyd Cook's philosophy

and varied trapping expertise are being absorbed each winter at Georgian College in Barrie where students and veteran trappers attend a 10-day course. Participants are taught how to set traps humanely and how to prepare pelts for market. A good portion of the course is devoted to wildlife conserva-

tion. Instructors are experienced trappers and Natural Resources personnel.

The primary objectives of the Georgian College course and the one to three-day workshops conducted across the province by the Ministry of Natural Resources, is to make the trapper a better

conservationist on his own trapline. He must learn about animals, their population cycles, diseases and how and when it's best to harvest them to ensure prime furs and a healthy, abundant breeding stock for the future.

MINDEN 286-2830

BEFORE YOU BUY ANY NEW APPLIANCE IT'S WISE TO FIND OUT JUST HOW MUCH ENERGY IT WILL USE.

AIRCONDITIONERS - Buy the proper size and the most efficient unit in the size you need.

CLOTHES DRYER - Always vent. It gets rid of moisture-laden air and speeds up the drying time.

DISHWASH - Wash only full loads.

*** ELECTRIC STOVE** - Use proper size pots for elements. Keep oven door closed. Turn down heat near the end of cooking and the remaining heat should be enough to finish the job.

*** ELECTRIC WATERHEATER** - Thermostat. Be sure that your thermostat is not set too high. About 140 degrees F. (60C).

DRIP, DRIP, DRIP - One drip per second from a leaky hot-water faucet sends about 175 gallons a month down the drain.

*** FURNACES** - Twice a year service can cut 10 percent from your heating bill.

IRON - TURN OFF iron when not in use.

RADIO - When not in use Turn Off.

*** REFRIGERATOR** - On a frost free unit, you'll use 1,200 kwh. On a standard 12 cubic-foot model you'll use 850 kwh. Avoid heat sources and keep well ventilated.

TELEVISION - if not being watched, you're just wasting electricity and perhaps speeding up the repair bill.

VACUUM CLEANER - Keep bag empty.

WASHING MACHINES - Wash when you have a full load. Overloading can waste current by forcing you to do some items over again.

* Also applies to Gas Appliances.

Fish "fly" as Lake Kashagawigamog restocked

Flying fish?

No, not really. These two-year-old Lake Trout just look that way as they hit the waters of Lake Kashagawigamog at the Allsaw Bridge a couple of weeks ago when Ministry of Natural Resources personnel dumped some 2,000 of the 7 to 12-inch fish into the lake.

In all, the Ministry will be sowing 17 Haliburton County lakes with some 14,220 two year-old Lake Trout this Spring and have already planted another 70,726 year-old Lake Trout in other county lakes. Survival rate for the two year-old fish is almost 100 percent, much higher than for year-old trout.

As well, the MNR is stocking Haliburton lakes with 15,700 Speckled Trout and 9,400 Muskellunge fingerlings as part of a mammoth restocking program. All fish are fin-clipped in order to study the growth and general condition of the planted fish at a later date. Most of the planted fish were raised at a Petawawa hatchery near Pembroke, with some also coming from the Skeleton Lake hatchery in the Muskokas.

Below, left, Fish and Wildlife Technician Dennis Brule dumps a netful of Lake Trout taken from a truck-mounted tank into a hopper which feeds a special conduit pipe held by Fish and Wildlife Management Officer Ray Simpson at the water's edge, below, right. The Trout are shown hitting the water in the top photo.

Level 1 course, May 29th & June 5th

by
CLIFF
BURKE

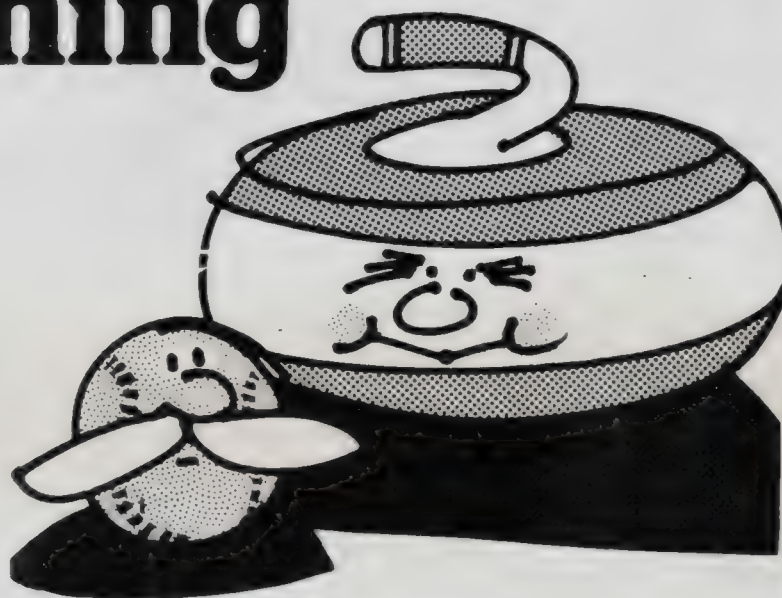

National Coaching Development Program coming to Carnarvon

The Ministry of Culture and Recreation will be sponsoring a 'National Coaching Development Program' in Carnarvon at Carnarvon Lanes on Sunday, May 29th and Sunday, June 5th. There will be instruction in the theory of coaching for eight hours each day. The cost is \$10.00. The object of this program is to get all volunteer coaches in the Community qualified in their particular sport. The Level 1 course (which will be instructed by Mr. Lanny McQuain, of Bracebridge) is to acquaint the coaches, managers or any other interested parties, in theory behind all sports, sports medicine, psychology, etc. When this part of the Level 1 course is completed, then a practical

clinic is set up in your sport. When this is completed and you have passed both courses, a Level 1 Coaches certificate will be mailed to each successful applicant from the Provincial Government.

As of this writing some 20 people have expressed a wish to take this course. They are presently in bowling, baseball, curling, hockey and figure skating. If there are any others who are willing to set aside these two Sundays and take this very interesting and extremely worthwhile Level 1 Course, please contact Acting Chairman for this area, Cliff Burke at 286-2481 or after 6 pm 286-1318.

Is coaching for you?

Here is a brief account on what the National Coaching Development Program is all about.

What is expected of me--as a coach?

You might have to set up and supervise pre-season training programs, plan practices, motivate your athletes, select a team, plan offensive and defensive strategy, supervise conditioning drills, suggest diets.

Would I have a lot of problems doing all that?

Maybe. The media and the pros preach winning, but your team may be losing. How would you cope with that? Do you let everyone play--especially when your team is losing? How do you cut players? Do you know any strategy? What kind should you use? What do you do about nagging parents?

Wow! Sounds rough.

Where do I get answers to all those

In the National Coaching Development Program! Even experienced coaches need help, since new techniques are always coming along. And this is a learning program for coaches of all sports, team and individual, in five levels, from very basic principles on through the finer more intricate knowledge required to coach top athletes.

What would I learn the first year?

General knowledge about coaching--we call this Theory. Skills and drills--we call this Technical--and we show you how to teach these correctly in the sport of your choice. Then actual coaching--we call this Practical.

So what does that leave for the other four levels? Same thing--but more advanced knowledge each year.

I might move to another province--what then. No problem. The Coaching Development Program is NATIONAL. Every Province offers the same instruction. You can continue training exactly where you leave off. The provincial governments and provincial sports bodies are in charge of levels 1 to 3. The federal government and national sports bodies are in charge of levels 4 and 5. Everyone is working together.

Well, I'm not sure....

How does that Theory stuff apply to me? I'm for bowling, myself.

A bowling coach can learn from a basketball coach, football coach, gymnastic coach, track coach, whatever, because all of them have to deal with the same concerns--conditioning, motivation--all those coaching principles that apply to all sports.

What subjects do you cover in Theory?

The first is Role of the Coach. It clarifies responsibilities of a coach and the inter-relationships between a coach, an athlete and the team.

Would it tell me how to get my team up for a big game?

Yes, that's in Psychology of Coaching. You learn about the psychological needs of an athlete, motivation, stuff like that. Then in Motor Learning we set out the process by which physical skills are learned most effectively. Sport Medicine covers care, prevention and understanding of injuries. Growth and Development relates physical activity to various age, sex and growth differences of athletes. Training Methods discusses diet, pre-season training, effects of exercise, different methods for different sports, things like that. And the course covers lots of other aspects of coaching you'll want to know too.

How long do these courses take?

The Theory course, level 1, requires only 16 hours. You pass if you attend all your classes--and there's no exam. Level 2 takes 40 hours, your pass is based on attendance plus a project or test. Levels 3, 4 and 5 are not finalized as yet, so time is not known.

Y.B.C. Banquet at Mr. Foggs on Saturday

The season came to another successful conclusion in the Carnarvon Lanes Youth Bowling Program on Saturday. The only remaining event is the play-offs, which will be held this Saturday and then all bowlers will move across the road to Mr. Foggs for a well deserved Banquet.

League Champions were declared for the first time in all three divisions, bantam, junior and senior competition.

The Strikers came up with three of a possible five points on Saturday to edge the Super Strikers in Bantam play by one point 42-41 to win the title.

In Junior, Yake's Rollers walked off with top spot, accumulating 54 points to runners-up Devils Angels 43. Third place went to the Hell's Angels 22.

Barker's Boozers edged out Dave's Dusters 60-51 to capture the Senior title.

Individual awards in Bantam went to Barbara Adams in all three categories, 122 average, 173 single and 327 double. Barb is a first year Bantam. Jeff Stamp grabbed top spot in both the average and single with 139 and 231. Scotty Yake took the double award with 393.

Gassers, Avengers lead after six games

With just one week left in play-off action in the Maple Lake league, the A Series leaders are Wes's Gassers with 6419. One hundred points behind in second spot are Ron's Rollers and third spot in the Championship series is Harry's Hornets.

The Consolation series finds Ev's Avengers in front with 6594 followed by Dan's Dynamos with 6358 and third are Audrey's Angels with 6274.

Wally Crofts wins play-offs

Ingoldsby Mixed league wound up their play-off action on Monday with Wally Crofts winning the Play-off Championship with 10,054.

Second spot with 9,833 was Murray Everson, third with 9,702 was Earl Schellenberg, fourth was Gord Darby with 9,653, fifth was Harry Henderson with 9,543, and sixth was 1976-77 League Champion, Cec Robinson with 9,529.

Ann Everall duplicated Barbara's feat in the Junior girls individual awards with top average of 181, single of 268 and triple of 648. Mike Hatkoski captured the average of 180 in Junior boys action while Ronnie Yake took both the single 275 and triple 659.

Diane Cowan was a unanimous winner of all three categories in the Senior girls division, due to her being our only senior girl this year. Diane had an average of 145, single of 222 and triple of 548.

Dave Barker tied with Dave Everall for the top average of 209 among the senior boys but Barker got the nod as Champ by knocking over ten more points in the 59 games played. Barker also won the triple award with 793 while Everall captured the single trophy with 311.

As Program Director for the

Carnarvon Lanes Y.B.C., I'd like to take this opportunity of thanking all my Instructors, Ron Robinson Sr., Wes Stata and Eddie Cox for their great help throughout the year and also to all the scorekeeper mothers and fathers who gave up a few hours each week to help out... Ev Stata, Audrey Fountain, Mr. and Mrs. Mark Conway, Mr. and Mrs. Graham Brown, Gala Stamp, Helen Yake, and all the others I might have missed.

Last but not least, on behalf of all of us I'd like to thank Gord Everall for allowing us to hold a Youth Bowling Program in his House. These are the future bowlers of Carnarvon Lanes and there appears to be some real Champions in the making thanks to this great Program. Thanks, Gord.

Carnarvon Spring Roll-off Wednesday at 7:30

The first annual Carnarvon Lanes Spring Roll-Off Bowling tournament got underway last week and now all six leagues have decided representatives at the Finals this Wednesday evening at Carnarvon starting at 7.30 pm.

The following teams will now compete for cash and merchandise prizes; Ingoldsby, Wally Crofts 3470; Tuesday Combines, Gertie Ripley 3254; Tuesday Commercial Gord's Blockbusters 3572; Wed. Couples Graham's Crackers 3195; Dorset, Happy Gang 3416 and Maple Lake, Dan's Dynamos 3281.

The prizes for this tour-

namment have been generously donated from retailers across the Haliburton Highlands; Peterboro Lumber, Carnarvon Bargain Barn, Carnarvon Lumber, Black's Hardware, Northland Surplus, Stanhope Sheet Metal, Foster's Store, Carnarvon Lanes, Johnson Go-Kart Track, Hoult-Helliwell Trophy & Gift Sales, Mr. Fogg's, Haliburton Lumber, Nick Rutledge and Twin Rocks Resort.

On behalf of all the bowlers at Carnarvon Lanes and especially Gord Everall, proprietor of the Lanes, we would like to sincerely thank the many donors for their beautiful prizes.

The Holly Hawks, captained by Gerry Pinch won the Consolation Group 'B' play-offs. Fred Britton rolled 1374 for 6 games to lead the team. Good singles came from Sandy Barr 225, Joyce Griffin 312, Gerry Pinch 236, Jack Henderson 231. Total 6 game pinfall was 6230.

The Jets came on strong to pick-up 2nd place with 6082. Ev Stata's 6 games were 1267. Norma Jean Scheffee rolled 1298.

The Floozies after leading the 1st three games fell down to 3rd spot with 5862 pinfall. High rollers were Ev Griffin 1162 for 6. High single to Norma Hodgson 240.

Ingoldsby, Rockcliffe Hotel capture play-offs

The season came to an end on Wednesday evening in the Commercial Men's Bowling league and Ingoldsby is the 1976-77 Play-off Champions. Rolling 10,644 in the three-week series, Ingoldsby won by 783 pins over runner-up Modern Electric. Ingoldsby champions are: Reg Burk, Don Hicks, Gord Darby, Bill Walker, Bill Everson and Grenville Barry.

Play-off winners for this year are the team from the Rockcliffe Hotel. The Hotelmen finished with 10,203 while the Cox's Colts, who, going into the final week trailed by over 400 pins, rolled 10,141 to finish just 62 pins back. The Rockcliffe champions are Gord Everall, Dan Harding, Ian Colman, Harold Sawyers, and Blaine Sawyer.

Minden Progress won the League Championship while Ingoldsby finished as runner-ups. The Progress team consists of Ron Robinson Sr., Wes Stata, Pat Clarke, Walt Ackersblade, Ed Cox and Jim Carrell.

Individual award winners over the 1976-77 season are: Ronnie Robinson Jr. high average of 234 and High single of 418. Fred Cox captured the high triple with 891.

The overall series winners were the Sooners, who in last place after three, came alive to roll 6038 over the Fonzies 6031. Bill Barber rolled 1287 for 6 games, and Marie Jenkins had 1189. High single went to Ev Perrin 319, to really put the icing on the cake. Ev's 751 for the final three games came in real handy. Second place team the Fonzies 6031 pinfall could not hold on. Linda Morrison

1261, Jean Foster 1283 for 6 games. Jean had a 769 triple in her final three games.

The Flyers leading all the way for five games, died in the sixth and faded to third spot. Ray Jenkins rolled 1553 for a 258 average over the six games. The Sooners and the Holly Hawks will meet the Church League to roll for trophies donated by local citizens on Wednesday, May 4th.

Dump complaints dog Minden Council

'Maybe we should ask the people who are doing the complaining, to locate a new dump-site for Minden'.

This was the answer Minden councillor Lyle McKnight had last week regarding complaints to the Ministry of the Environment by local residents living near the present dump-site on Scotch Line Road.

Mr. Grant Yarrow, of the Ministry appeared before Council to cite complaints from local residents of fire and smoke. He asked council if it had looked for

any other possible dump-sites.

Reeve Reg Booth, assured Mr. Yarrow that all possible was being done to find a new site.

Mr. Yarrow went on to say that the present site has a maximum life of only another two or three years. However, Deputy-reeve Doug Pritchard told him, 'We have been looking for a new dump-site but when the people are approached for land and find out what it is going to be used for, they refuse to sell'.

Minden Council awards tenders

At a special meeting of Anson, Hindon and Minden Council last week, tenders were opened for renovations to the village's Ambulance Staff Quarters. Council decided that the plumbing work will be installed by Gull Side Plumbing at a cost of \$815,

while the electrical work will be done by Pritchard's Electric at a cost of \$675. The carpentry work was awarded to Bob Beeney Construction at a cost of \$2,195.66. Cost of the project will amount to a total of \$3,685.66.

PRIVATE ESTATES - DEVELOPMENT

PRIVATE LAKE

With all the possibilities in the world. Known as Paddy's Bay off of Big Kennis Lake, very unique with direct boating access to one of Haliburton's largest lakes, approximately 7,000 feet of lake frontage, 4,000 feet of Township road frontage, and 300 acres, ideal for development, or ethnic group, several families, speculation. Asking \$169,000.00. Excellent terms.

CANNING LAKE

The last of its kind, approximately 1750' of lake frontage, over 4,000 ft. of paved county road. 150 acres more or less, of ideal bush, all within three miles of Minden by road, and boating access to the Village of Haliburton, a large modern Pan-A-Bode cottage with all conveniences including natural stone fireplace, also an old storey and a half natural log cottage high overlooking the entire lake, this building is a collector's item, ideal property for development, speculation, commercial possibilities or private estate. By appointment only.

CRANBERRY LAKE

Log residence 1064 sq. ft. with 535 ft. of lake-front, 92½ acres, 3 bedrooms and 4 pc. bath, insulated, oil and wood heat. Also includes 2 cottages, 18' x 20' each, large work shop and a 432 sq. ft. storage building. Natural severance by road, provides 10 acres on lakeshore and 82½ acres of well treed rolling bushland, back of the road. Ideal estate or very interesting recreational business potential. Excellent swimming and fishing. Southern exposure. Approx. 3½ miles from Sir Sam's Inn and close to established Ski-doo trails, only 10 miles from Highway 35. Asking \$95,000.00.

ROBERT
CASE REALTY LTD.

FLAVORFUL SALADS START WITH MUSHROOMS

One of the many virtues of the mushroom is that it not only has a delectable flavor of its own, but its texture is porous so that it blots up well-seasoned dressing, distributing it evenly throughout tossed salads.

Mushroom Vinaigrette is excellent spooned over lettuce wedges as the recipe below suggests, but it can also be used flavorfully on thickly sliced ripe tomatoes, paper-thin onion rings, cooked green beans, zucchini slices, cucumber slices, sliced hard-cooked eggs and comparable salad ingredients.

In case you are given to short-cuts in cooking you can also marinate mushroom slices in your favorite commercial dressing.

MUSHROOM VINAIGRETTE SALAD

1 pound medium-sized fresh mushrooms or
2 cans (6 to 8 oz. each) sliced mushrooms
1/2 cup oil
1/4 cup wine vinegar
1 clove garlic, minced
1-1/2 teaspoons sugar
1 teaspoon salt
1/16 teaspoon ground black pepper
1 head iceberg lettuce

To prepare Mushroom Vinaigrette rinse, pat dry and slice fresh mushrooms or drain canned mushrooms; set aside. In a medium bowl combine oil, vinegar, garlic, sugar, salt and black pepper; mix well. Let stand for 10 minutes to allow flavors to develop. Add mushrooms; toss gently until all of the mushrooms are well coated. Cut lettuce into 6 to 8 wedges. Arrange wedges on individual salad plates; spoon some of the Mushroom Vinaigrette over each wedge. Yield: 6 to 8 portions.

In loving memory of our dear brother Alex Crego who passed away May 11, 1974. Beautiful memories are all we have left. Of someone we loved and will never forget. Always remembered. Connie, Bonnie, Reg, Malcolm, Luther, Wa.J., Claude, Phebe and Carrie.

In loving memory of our dearest son Alex Crego who passed away May 11, 1974. Things we feel most deeply. Are the hardest things to say. Dearest Alex we loved you in a very special way. If we could have one lifetime wish. One dream that could come true. We would pray to God with all our heart. For yesterday and you. Sadly missed by Mom and Dad. 740-1p

RIVERS - In loving memory of a wonderful Mother, Mrs. John Rivers, who passed away May 9, 1951.

MY MOTHER

She filled no chair of learning,
She did not lead the styles
No fame or fortune did she seek
Nor travel many miles.
She was no gay sophisticate
Nor much on pleasure bent,
But her life was very much worthwhile
My Mother...heaven sent.
Just sweet and unassuming
and doing day by day
the things God willed for her to do
in her quiet, gentle way.
Steady, uncomplaining and
When sacrifice was made
Her's was the truest culture
The kind of life that paid.
Not in worldly goods stored up
But example strong and fine...
I am sure God picks his angels
From Mothers just like mine.
Sadly missed but lovingly remembered by her Family. 740-1p

WARBURTON - In loving memory of our Daughter Donna-Lynn who passed away April 29, 1965. We little knew when we woke that day The sorrow the day would bring. The call was sudden the shock severe. To part with one we loved so dear. Sometimes it is hard to understand. Why sometimes things have to be. In His wisdom God has planned Beyond our power to see. Ever remembered by Mom and Dad. 740-1p

Haliburton-Large wooded lots on Little Boshkung Lake, opens in 12 Mile Lake, & Big Boshkung 2 mi from Carnarvon via Hwy. 35 off Haliburton 1, 33 mi. from Brace-bridge via Hwy 11. Hydro excellent, county maintained, dead end cottage road. Ph. 416-277-8086 week days. fn

XI, Stanhope Township and take notice that after the expiration of one month from date of publication of this notice Robert and Barbara Townsend will under Section 8 of the said Act apply to the Minister of Transport for approval of the said site and plans. 740-1c

Keeping it clean**Getting a line on the fish...**

While you're getting your fishing tackle in order for the coming season, we thought you'd like to get a line on what Environment Ontario is doing to improve the sport.

During the summer months, fish in many lakes die as the oxygen in the cold bottom water is depleted.

Artificially induced de-stratification is a fancy name for a simple process developed by the Ministry to help solve that problem.

By keeping the lake mixed by mechanical means so oxygen is maintained at all levels, the Ministry has restored trout fisheries in two experimental lakes in northern Ontario with more planned in the future.

Another lake management technique used successfully to restore sport and commercial fishing involves the neutralization of acid lakes.

The condition is caused by acid rainfall from industrial sources. Many of these lakes have no fish population at all.

Acid rainfall is a global problem so even if industrial sources are cut off, the acidity will

probably remain indefinitely.

Lime and limestone have been added to lakes in the Sudbury area to restore the acid balance to a normal range.

Fish have been stocked and if their growth proves satisfactory, the technique will be used in other lakes where fishermen are suffering.

Another facet of the Environment Ontario's lake management program has seen active use in the Kawartha over recent years where shallow lakes favor the growth of aquatic plants.

These lakes are warm in the summer and the plants provide an excellent habitat for warm water fish.

So the fisherman says great! Now how do I get to them.

That's been the problem. In 1973 the Ministry implemented a scheme for the mechanical harvesting of Kawartha weeds. Now in its fifth year, the program will see more than 1,000 acres harvested this summer in Buckhorn and Chemung Lake.

(Next week: Environment Ontario's new health advisory program for fishermen.
